## DISPOSABLES

### “Works Better”

Designed specifically for placing etchants, sealants, cements and other flowable materials.

### “Lasts Longer”

The universal, color-coded, Luer-lock design makes it easy to match proper gauge to the corresponding material.

### “Costs Less”

Delivers superior performance while providing comfort for the patient – all at an economical price.

## Pre-Bent Dispensing Tips

These dispensing tips are pre-bent to the proper angle for placing etchants, sealants, cements and other flowable materials. German made & final step washed and blown dry to avoid sediment within the metal tubes. Packaged 100/bag and are color coded to represent gauges for each flowable material.
